TUONO 660 FEATURES

LIGHTS

Upfront, the bike features triple LED headlights and daytime running lights, ensuring safer, more efficient riding whatever the time of day or night.

PERFORMANCE

The latest-generation fast and lightweight twin-cylinder forward-facing engine comes courtesy of the mighty Aprilia V4. Its 270-degree crank delivers a truly grunty exhaust note while the final ratios, which are shorter than those of the RS 660, favour rapid take off and response

DIGITALLY LOADED

The Tuono 660 sports advanced electronics that would put many superbikes to shame. The Ride-by-Wire throttle makes it a breeze to manage the APRC electronic system that includes multi-level traction control, anti-wheelie, cruise control, engine braking, ABS and engine mapping options.
